Robert W. Sutton, Mayor

Rebecca Kiehna, Clerk

The trash pickup and recycle policy for Steeleville residents is as follows:

- ❖ Regular trash pickup is on Mondays and Tuesdays.
- ❖ All curbside recycling is picked up on Wednesdays.
- ❖ Village employees will pick up paper, plastic, cardboard and all types of metal cans. These items do not need to be separated and can be placed in your own plastic trash bags, tied securely. Cardboard boxes are recyclable but must be broken down.
- ❖ These items may be placed on the curb between 6:00 p.m. Tuesday and 5:00 a.m. on Wednesday. We will pick up your recyclables where your trash totes are normally placed.
- ❖ Yard waste must be placed in your own trash bags, tied securely, and will be picked up weekly starting on Mondays. You must call village hall at 618-965-3134 ext. 31 before 10:00 a.m. on Mondays and leave a message to schedule yard waste pickup.
- ❖ Large items and electronics will be picked up on the first Thursday of each month.
- ❖ Residents may access the sewer lagoon to dispose of large items or large branches and limbs on Wednesdays from noon to 2 p.m., on Fridays from noon to 4 p.m. and on Saturdays by appointment only. A fee for tire disposal must be paid at village hall before going to the lagoon.
- ❖ You must call village hall at 618-965-3134 ext 31 to schedule a large item pickup or to make an appointment for Saturday sewer lagoon access.
- ❖ Electronics are not accepted at the sewer lagoon; they can be taken to the designated area at the maintenance building on Westwood Drive.
- ❖ Schedules can change due to holidays or emergency situations. Residents will be notified through our CTY message system.

We encourage our residents to take full advantage of this recycling program. Together we can keep our community clean and help protect our environment.

Robert W. Sutton, Mayor
and Village Board of Trustees
